

*Bringing the Kingdom of
Heaven to earth
with God's
love and power*

Dear Friends & Ministry Partners,

Thank you for your prayers, as you held us up like Aaron and Hur held up Moses! To sum up the trip, God showed up!!! In addition to hearts and minds touched by God, over 100 healings and deliverances took place as the Holy Spirit moved throughout the meetings!! We celebrate what we saw with our own eyes, but we know the Holy Spirit did more than we could see or know. We had 8 full days of ministry. As Pastor Finny said after we left, "You did one year of ministry in one week." Hallelujah!!

Youth Camp

The very first day we arrived in India, we preached to 400 teenagers to stir up a fire within them. Bobby and I both spoke separately to the youth. Bobby spoke on the power of His love and their acceptance in the Holy Spirit. I spoke on living in resurrection life and power. We then prayed and laid hands on them to receive the baptism of the Holy Spirit. He did not disappoint and came upon them with power. As Pastor Finny said, “It was a powerful time, as many were touched by the Lord—numerous youth dedicated their lives to Jesus, and several committed to serving in His ministry.” Also, the Pastor of the church the meeting was held in invited us to his home. We prayed and prophesied over him and his wife, as well as the rest of the family. The Holy Spirit moved powerfully!

Sunday Services

Joelle went to Pastor Finny’s church of around 250 people and preached. Last year she preached there, and afterward they visited a lady who had a heart condition and had no life in her. They gave her communion and prayed for her to live and be whole. Joelle saw her at the church this year, and she was completely healed, and is now full of life!

I preached at Pastor Finny’s Dad’s church (known by us as Pastor Dad) of around 600 people, which was televised. As we were in worship, I heard the Lord say to focus on our being “in Christ.” I had a different message prepared, and He changed my message. It was wonderful as He told me what to speak! The Holy Spirit is so awesome and never lets us

down! Afterwards, Bobby and I prayed for those who asked. One lady could not see out of her left eye, and Jesus healed her eye and she can see! Jesus healed others as well.

After having lunch with Pastor Finny's family, Joelle presented Pastor Dad with a check for \$2000 as her church wanted to sow into his ministry. We did not know this, but for the past ten years, Pastor Dad has been believing for a huge ceiling fan to hang from the sanctuary ceiling to keep people cool. (Many floor fans had been broken over time.) As soon as he received the money, he praised the Lord because it was the exact cost of the fan he wanted to get. This is a huge church as it can hold over 2,000 people. He built this church totally on faith that the Lord would provide. As Joelle so eloquently stated, "Everything we think (in our heart) that is of God, has the power of God." Pastor Dad was so excited about the fan that he immediately got the people and the fan (one that was like a propeller fan, at least 15 foot blades), and got it installed. It was installed in three days, and we dedicated the fan to the Lord in time for the Pastor's conference on Thursday. The fan is shown below.

Bobby preached on Sunday night and the people responded well as the Holy Spirit spoke, causing many to be touched and tearful. I was even tearful as the Lord drew closer to me. Afterwards a couple came up to me, and I had an opportunity to speak truth and life into them. They were newbies in the Lord and really appreciated what I told them.

On the second Sunday, Joelle preached in Pastor Dad's church. She and Bobby prayed for many people after the service. One lady had a crooked

leg and she saw it completely straighten out! Jesus also healed people with issues in their stomach, ear, leg, and fevers.

I wanted to preach at Pastor Finny's church as I had not been there before. During my message I released words of knowledge the Holy Spirit gave me for knee pain and back pain, and then the Lord said to declare He wants to heal any problem they might have. Around 30 people were completely healed. After church I prayed for others. One man had surgery on his right eye and still could not see. After praying, he said he could finally see clearly! Others were healed of stomach, hip, fast heartbeat, and fever issues. Then Pastor Finny took me to a house of one of the church members where their son was soon getting married. They were getting ready to add onto their house for their son and his wife to stay there. Traditionally, the wife goes with the husband to his parents house to live. We dedicated the space and prayed for them and blessed the work to be completed. Next we went to a shop where one of the church members moved their store to a better location. Before they opened it up, we dedicated and prayed blessings over their business.

Pastors Meeting

I was privileged to preach at a Pastors meeting for 150 pastors from the churches associated with the main church. I spoke on equipping their people for works of ministry. I shared testimonies, including the time I visited Bobby in the hospital and the doctors said he was going to die. I heard a different report from the Lord and declared he will not die but live. He came out of the hospital alive! I then talked about how to

demonstrate what it looks like to equip their church to walk in the love and power of God. The Holy Spirit gave me many words of knowledge for people the Lord wanted to heal right then. After a corporate prayer, more than 20 people said that Jesus healed them. We prayed for many others after the service, who received healing for their back, legs, knees, headaches and stomachs. One lady with blurry vision got her vision back! One lady that had difficulty hearing got her hearing back! Praise Jesus!!!

Lepers Meeting

Last year we met a man who was healed of leprosy, and is now one of their house church leaders. He brought close to 75 men and women who had leprosy. Bobby shared a miraculous story in his life where only the Lord could make a difference. The Holy Spirit was moving upon them. I was asked to pray a corporate prayer for their healing and deliverance. We planned to pray one-on-one with them, but they arrived early and it interfered with a planned televised meeting. The Holy Spirit came and their countenance changed from despair to happiness. They left with joy in their eyes and smiles on their faces. We also gave each one a gift before they left.

Women's Conference

The Women's Conference was very large with 1,500 women there. Probably half of them were Hindus and did not believe in Jesus. The Christian women were asked to bring 5 other unsaved ladies with them to the conference. Pastor Finny decided to have a drawing to encourage them to come. He raffled off a blender, a TV, and the large gift, a washing machine.

I started off the Women's Conference preaching. I was planning to preach a message I had prepared, but the night before the Lord changed it. I preached on women walking in the authority and power of Christ. Within the message I shared lots of testimonies, and I gave 6 words of knowledge that the Holy Spirit was showing me for issues Jesus wanted to heal right then. At least 30 women were healed from the words of knowledge! I also shared that if they have a relationship with Jesus, they can partner with Jesus to see Him heal and deliver people through their prayers. I told them the only way you can see miracles, signs and wonders in your life is by believing in Jesus and the Spirit of God living and moving inside of them. I gave them an opportunity to give their hearts and lives to Jesus. Only God knows how many came to experience His love and receive the Holy Spirit within them. The Holy Spirit was greatly moving upon people.

Joelle preached on prayer and intercession with the ladies. She culminated with a time of crying out for more of God and interceding for them. We also had the opportunity to pray for many of the ladies afterwards. They were healed of stomach, knee, and hearing issues, as well as eye pain. We also prayed for mental health issues, two children experiencing fits, and more. We provided lunch for everyone afterwards and gave them the Gospel of John. Then we had the raffle drawings, to a lot of anticipation of winning the washing machine especially.

Evangelistic Meeting

Last year Pastor Dad wanted to get a truck to use as a stage, along with speakers, to share the Gospel and do skits and music to engage with people in many Hindu villages. Shortly after we left, the truck was purchased and converted into a stage. Praise the Lord! We went to one of the remote villages. As soon as we got there, people were asking us to

pray for healing of blind eyes, knee problems, back problems and more. Many people we met on the entire trip are poor and cannot afford to go to a doctor or hospital. They are eager for Jesus to heal them, and that is what He did! I shared the Gospel and gave opportunity for them to receive the gift of salvation. Many of the children raised their hands and prayed for Jesus to forgive them and give them new creation lives. I believe some adults did also. Hallelujah!

Other Ministry

We also did TV recordings, village church and house church meetings, a cell group leaders meeting, a new believers meeting, and a meeting with orphans. There is not enough room in this newsletter to tell all of the stories. However, they were all just as wonderful with the love and presence of the Lord moving upon the people.

New Community College

Last year Pastor Finny shared what God put on his heart about wanting to start a Community College for young people to be able to get an education who could not afford the University. This year he has 5 students being trained to be nursing assistants (by a lady who has a Master's degree). It is starting small, but they are building a new building to house this Community College on the church grounds. The church is located near the bus line and it is easy for getting there. We had the opportunity to pray for the students and the instructor. As we were driving in Chennai, Pastor Finny pointed out a big University and said his little Community College was accredited by the big University for their students. This is the same accreditation as the big University, which holds much weight in the eyes of employers. The Lord is amazing in all He does for us!!

Thank You!!!

Every meeting was like out of the Scriptures. We knew we had to be sensitive to the Holy Spirit, partner with the Holy Spirit, say what He was saying, and then we saw Him touch, deliver, and heal many of the Indian people. I think we came back as changed as those who were changed in the meetings! Thank You Lord!!!

Once again, we really appreciate you partnering with us as we went on an adventure with the Lord to India. Your prayers and donations were essential to our completing the work the Lord gave us. Thank you very much!

Love and blessings to you,
Lynn, Joelle & Bobby
