

*Bringing the Kingdom of
Heaven to earth
with God's
love and power*

Dear Friends and Ministry Partners,

Thank you for praying for us! What a beautiful time we had with the people of India. Jesus made Himself known and was exalted, and Holy Spirit released His presence in power!

We had many changes in plans and found that being flexible was the norm on this trip, starting from the very beginning. One of our team members received a visa for India too late to go on the trip. Then we missed our flight out of Paris because of long security lines when our gate was changed to another terminal. Instead of going to a hotel when we got in to Chennai, we went directly to the church and prepared ourselves for the first meeting that already started.

Pastor Finny invited us to come to preach and pray for their people. He is the one who had invited me to preach on their TV program each week starting in

July 2020 during the Covid shutdown. His Dad started the main church, and they currently have 107 house churches all around India as they have evangelized in many areas. Finny's Mom and Dad hosted us to stay in their house, which is attached to the church. They have air conditioned bedrooms (yay Jesus!), as we did need the relief as it gets very hot and humid there with only fans in other areas of the house and in the churches.

Pastors Conference

There were 100 Pastors in our first meeting, in which I preached "Bringing the Kingdom of Heaven to Earth." I felt the Holy Spirit nudge me to finish the meeting by inviting the Holy Spirit to move upon the pastors. I prayed and released the Holy Spirit and fire, and He came in power upon them! Praise the Lord!

Home Group and TV Interview

We went to a home group where we met outside in the evening. Their worship was accompanied by a drum as they sung to the Lord. It was sweet praise. Joelle spoke to them and impacted their hearts.

Joelle and I were interviewed by Finny's brother, Pastor Joy, who is the Youth Pastor and sometimes interprets for me for their TV program. This was recorded in English to air on TV, since they do have many English-speaking people in the area. It was a blessing to share what was on our hearts.

Surprise Weddings & Baby Blessing

There were two weddings that we were not aware of until the Pastor told me I was going to speak at them. I spoke at the first wedding that was held in the church, but I did not speak at the second one as it was in a hall and people were talking and not paying attention. Indian marriages are arranged by the parents.

Then we were told last minute we were going to bless a baby that the Mom was carrying in pregnancy. Instead of a baby shower like we have in the US, people gather and pray for the couple and the baby. It was an honor to be included in these life moments of Christians in the church.

Pastors' Wives Meeting

I spoke to 150 Pastors' wives, and afterwards, we prayed for every lady who wanted prayer. Jesus healed many backs, a foot, hips, heart issues, breathing issues, knees, stomachs, and headaches! One lady had a broken hand and could not move it without terrible pain. After praying for her, she moved her hand all around and there was no more pain! One lady had been shocked by an electrical wire which caused terrible back pain and heart issues. After prayer, she told me she was shocked by the Holy Spirit and all her back pain left and her heart was now beating properly! A shock causing serious issues, and then a shock from the Holy Spirit reversing everything back to wholeness!!! How awesome is Jesus for His blood and stripes He bore for us!!!

Pastor Finny recently told me that the ladies said they were blessed when I spoke about "Abiding in Jesus to be Fruitful." The pastors' wives have not been in community with each other, and now they are going to start having small meetings with each other locally where they live. Pastor Finny said his mom and wife were going to hold monthly meetings for them also.

Village Church

We went to a village church where the Pastor of the church had leprosy some years ago, and Jesus healed him! Since then, he has been leading this church. Before Joelle preached, the Holy Spirit gave me two words of knowledge and was showing me that He wanted to heal people with pain and issues in their neck and their shoulders. After praying and they checked out their bodies, 10 people raised their hands saying that Jesus healed them. Praise You Lord!!! Since the people are living in a very poor area, we were able to give each family a large bag of rice to help them. You should have seen their faces of appreciation!

New Believers Meeting

The church invites new believers who call in for prayer from the TV program to come to the church on Fridays. Before my message, I took a risk and tried something that I have not done before. I sensed the Holy Spirit was there to heal people, but I did not have any specific words of knowledge for healing. I told them that the Holy Spirit was there to heal them. I asked everyone who needed healing to stand up. I prayed a prayer for all of them and asked them to test out the area needing healing to see if they were healed. I asked if anyone experienced Jesus healing them to raise their hands. No one raised

their hands. So I said let me pray for you again, and I prayed. I asked them to test it out again, and then asked if anyone was healed. No one raised their hands. At this point, inside I was saying, Lord you said you wanted to heal people. Then the Holy Spirit reminded me of a time when I was praying for a man's back. After praying for his back four times, I prayed a fifth time and Jesus healed him of all pain. I shared that testimony with them and said I am going to pray again, and Jesus is going to heal you. After praying, I asked them to check out their bodies to see what Jesus is doing. I then asked them to raise their hands if Jesus healed them. This time 7 people were healed of various issues. Praise You Jesus! It can be very risky, but Jesus is faithful!

Then I preached to the new believers on "Being Joined to the Lord and Faith in Christ." I prayed for them and invited Holy Spirit to come and fill them with His power. Thank You Holy Spirit for what You did!

Youth Meeting

We held a youth meeting and 350 young people came. I had a prophetic vision during worship. I saw many young people going all around India preaching the Gospel and changing the spiritual landscape of India. I shared this prophecy with them. Then I preached on "Becoming World Changers for Jesus." After asking them, "Who wants to change the world for Jesus?", I asked Holy Spirit to come and fill and empower them to live a supernatural life, to set them ablaze for Jesus. We also laid hands on them to impart to them. Joelle spoke on evangelism and also spoke to the moms who were there about being delivered from issues so their children will be free.

Afterwards, Pastor Finny felt compelled to have a meeting with moms to deliver them from emotional and mental hurts that they have been carrying. After we

left, they had a meeting for 150 ladies, and his mom and his wife spoke to them and helped them to receive healing and freedom.

Pastor Finny gave me an update on the youth. After we ministered, he said revival is taking place among them and they are on fire for God! They are meeting every day to pray. Some of the young people have started home groups. He said the youth told them that they do not want to keep the Holy Spirit to themselves but want to release Him to people in other towns and cities!! Because the youth want to evangelize, Finny's Dad is trying to get a truck and will use it as a stage with speakers to share the Gospel and do skits and music to engage with other young people. Thank You Holy Spirit!!!

A Full Sunday

On Sunday, Joelle preached at Pastor Finny's house church of 250 people. I preached at the main church on "Hearing God's Voice and Being Led by the Holy Spirit." The Holy Spirit came and poured out His presence upon the 550 people who came. It was glorious!! More Holy Spirit!!!

I was asked to speak to a group of newly married ladies right after the service. I had heard they were upset with their husbands for various reasons, and they wanted me to tell them what to do and how to respond. The Lord put in my heart to talk to them about forgiveness. They asked a lot of questions, and I kept turning them to what Jesus tells us in the Scriptures. And I made sure they understood that they cannot change their husbands. Their husband must want to change and then the Lord needs to help him change. But they themselves can ask Jesus to help them to respond well to their husbands. They were lovely ladies, and I was so glad I could speak into their lives.

I spoke to the TV team – those who are volunteering to do the media, those who receive the phone calls from the program and pray for them, and others who are involved. It was great meeting them after three years of ministry on the TV channel.

We also had an opportunity to meet around 100 children. The church used to have an orphanage where they took care of the children. Then the government shut it down because it did not make the government look good. The house church pastors took siblings into their homes to raise them. The main church is providing for the children by paying for their education and providing food for them. Once a month they bring the children to the church to love and

encourage them. We gave each of them boxes of food to take with them. The children were so precious.

The last service we did was on Sunday night, and Joelle preached to those who were there. It was beautiful.

The Garden & Community College

Before leaving for the airport on Monday, Pastor Finny took us to their “Garden” which is about 8 acres of land. They have a well to provide water for rice fields, a mango grove, other crops, as well as the couple who stay in a house there to take care of the property. Pastor Finny wants to build a Community College on this land for the girls in the region to attend college. Parents usually send their sons to college in the big city of Chennai, but they do not send their daughters. Among other courses, he wants to have courses for a Nursing Aid, Web Developer, and Software Programmer and also have a place for them to have labs to learn practical skills. He just told me he had a meeting with a

builder, engineer and contractor to design and start work on it. He is hoping to finish it and be ready with staff before the next school year, starting in June 2024.

Thank You!!!

Thank you very much for your partnership with this ministry through your prayers and donations to impact the nation of India! To God be all the glory for what He has done! Please pray for Pastor Finny and all they are doing, and for all that is in God's heart to be accomplished. He needs funds for the Community College; so if you feel inclined to contribute toward that endeavor, please send a check to me or use PayPal on my website, www.openheavenrealities.com. Thank you so much! I pray you will experience the Lord's presence continually and abide in Him so that He will direct you to the plans He has for you. If you have any health issues, I ask Holy Spirit to come upon you and heal you of all pain, sickness and disease in the powerful name of Jesus.

Love and blessings,

Lynn
